People Sometimes Surpass Science

Sakurai Tamako
Assigned to the Kouseisha Light Novel Bunko editing department. Newcomer editor. The type who acts before she thinks

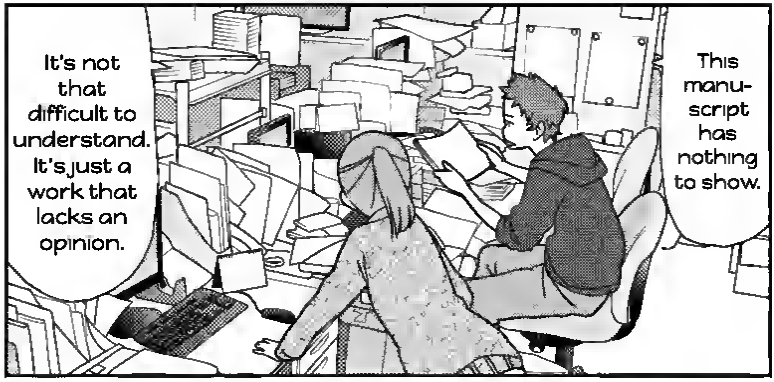
Takano Kenichi
An editor belonging to the Kouseisha Light Novel Bunko editing department. He meddles in various things and is currently Tamako's coach. He may seem trouble-some, but he's the type who wants to give everything his best

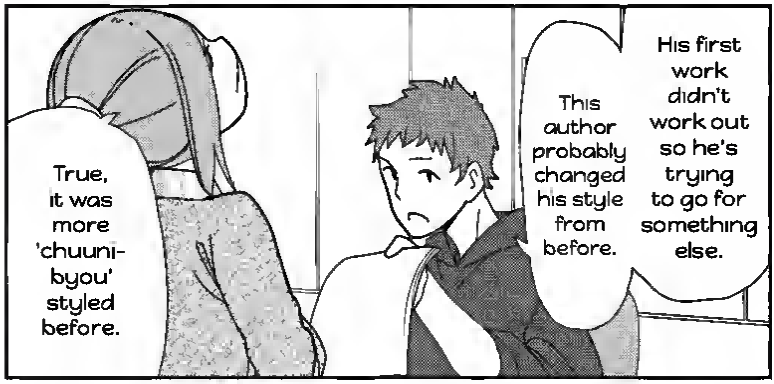
Because She Thinks Highly Of Herself

I never expected him to send me something so intelligent.
But I just can't understand it.
I've taken my time to read this many times over.
Go ahead.
Lemme take a peek.
Hooh, that's making me curious.
Huh, I really don't get what's happening.
Right?
.....
Do you say that all the time?
Wait, wait.
For now, I'll just do what I usually do.
And say "Make the beginning more interesting".

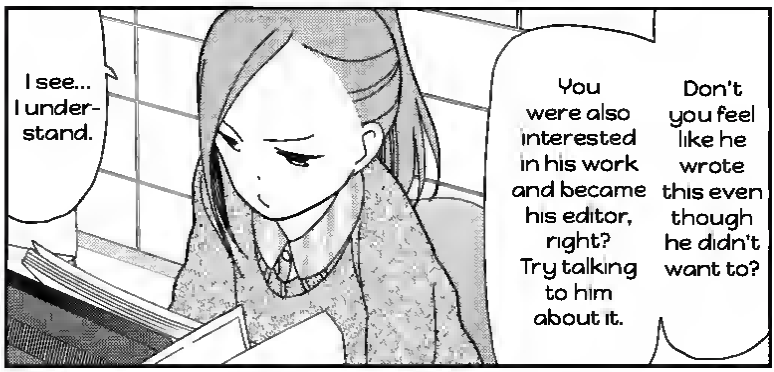
Will The Legendary Sword Come Out?

An Unemphatic Manuscript





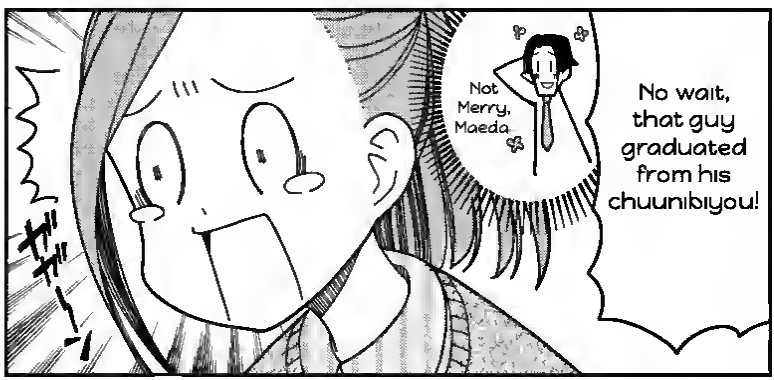
True, it was more 'chuuni-byou' styled before.
This author probably changed his style from before.
His first work didn't work out so he's trying to go for something else.

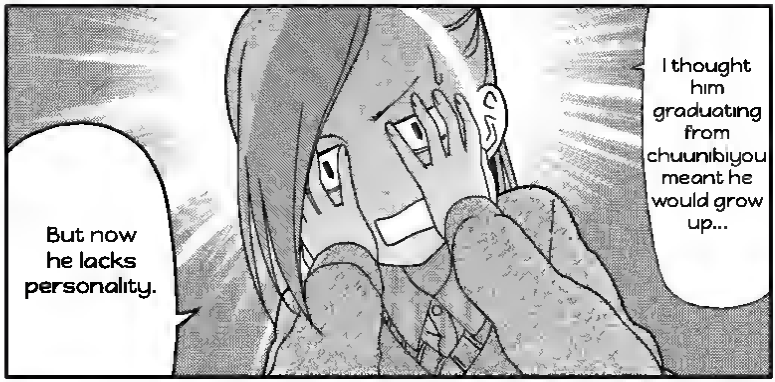


I see... I under-stand.
You were also interested in his work and became his editor, right? Try talking to him about it.
Don't you feel like he wrote this even though he didn't want to?

Once a fierce doberman, now a weak chihuahua.

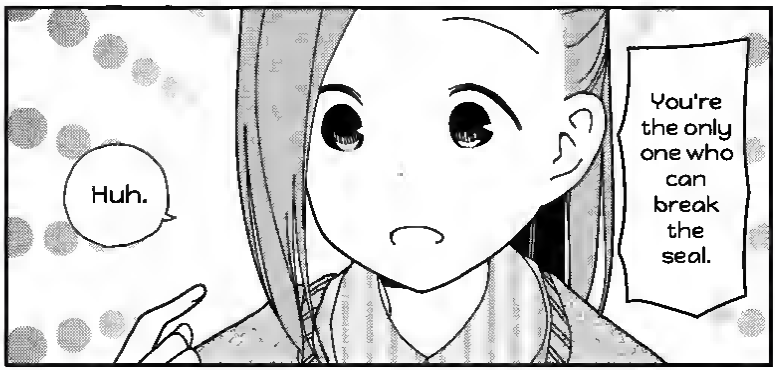
[Kin no Tamago]



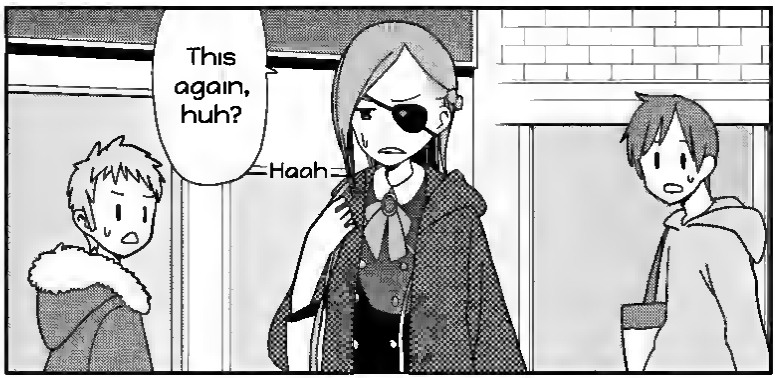


I thought him graduating from chuunibiyou meant he would grow up...
But now he lacks personality.

Relax. Everyone suffers from chuuni-byou in their heart.
The same goes for me.
Right now, his soul is just sealed off.
Go, open it up!



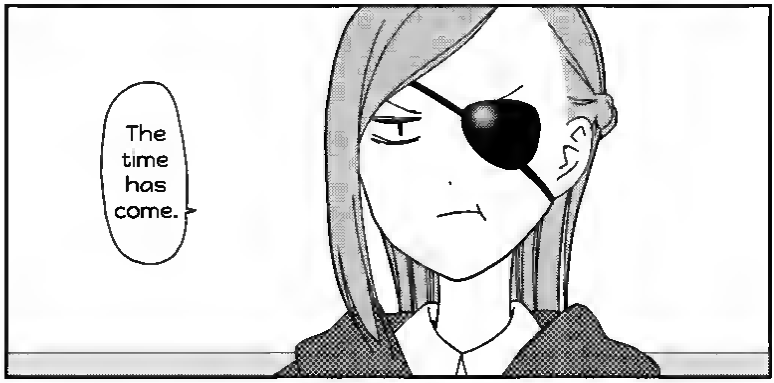
You're the only one who can break the seal.
Huh.

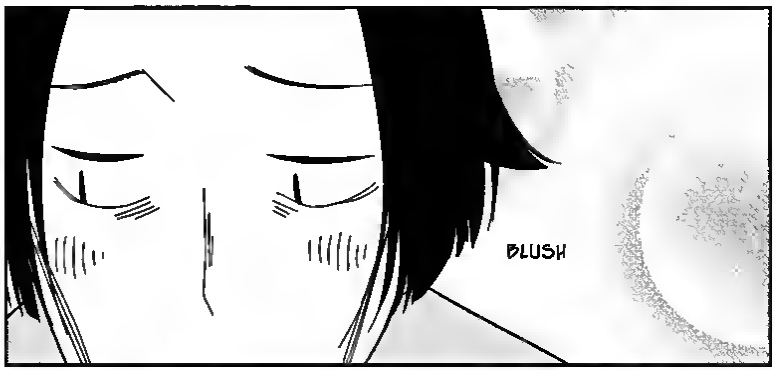


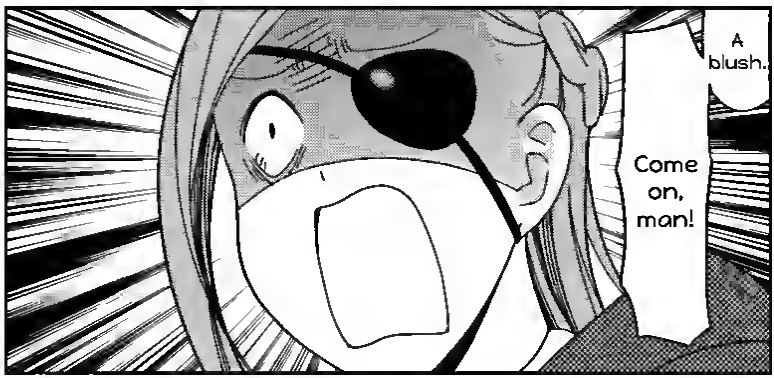
This again, huh?
Haah

A Chance Meeting, In The Promised Location

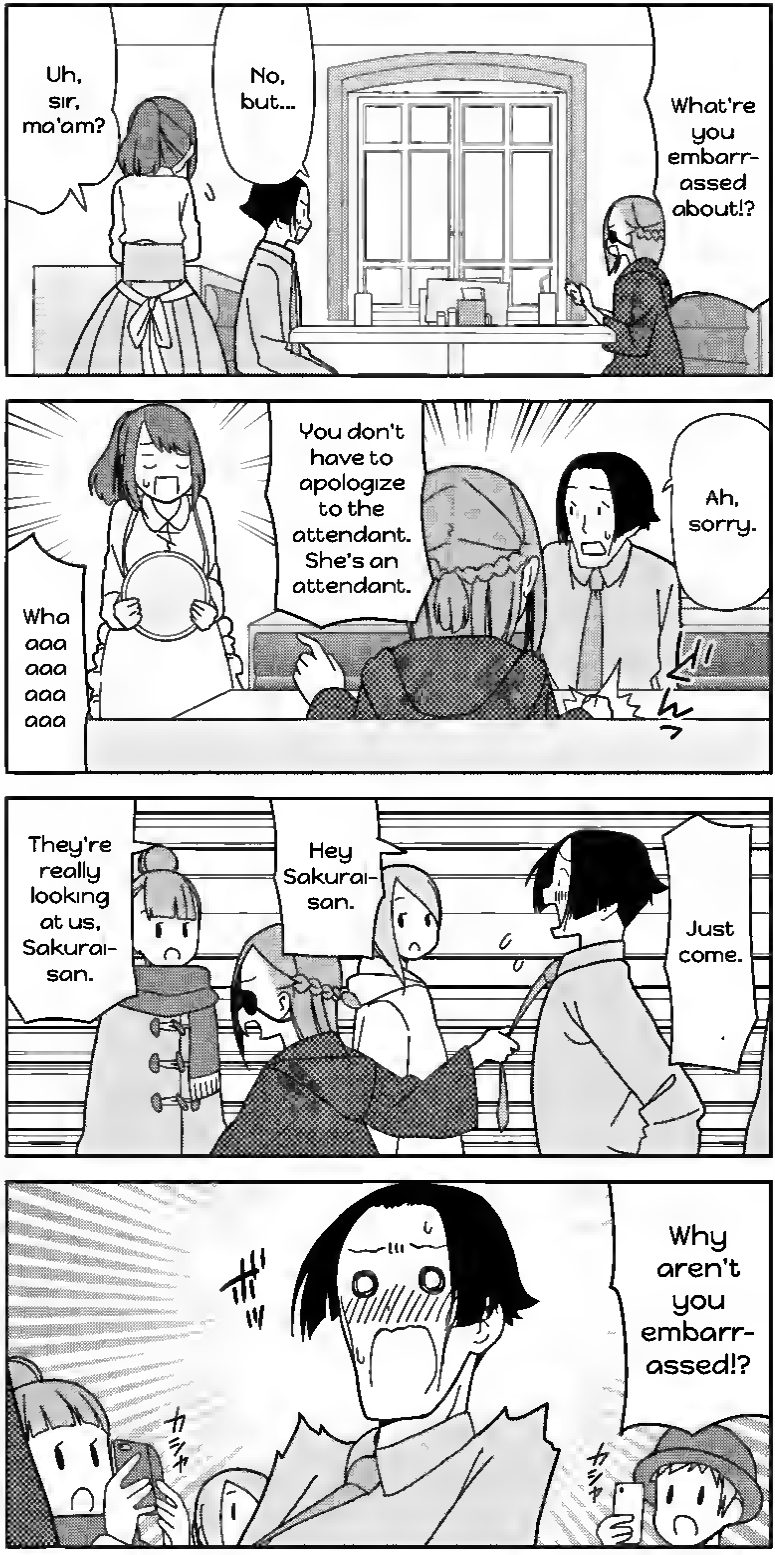
Merry-san
Tamaka became his editor due to his 'interesting pen name'. His debut work, 'Messiah's Meshiya', got axed after the first volume



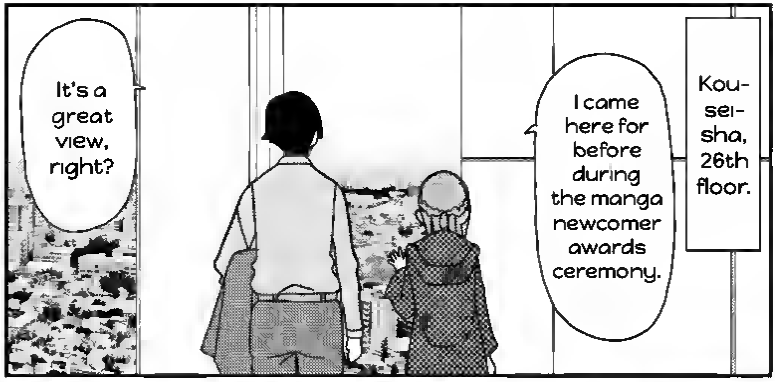


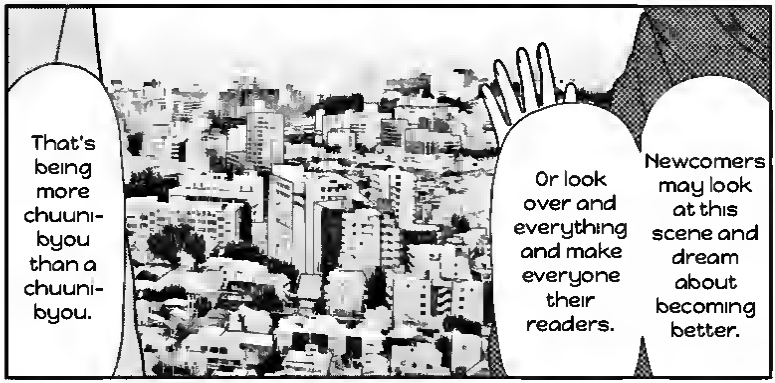


A Forced And Shameless Plan

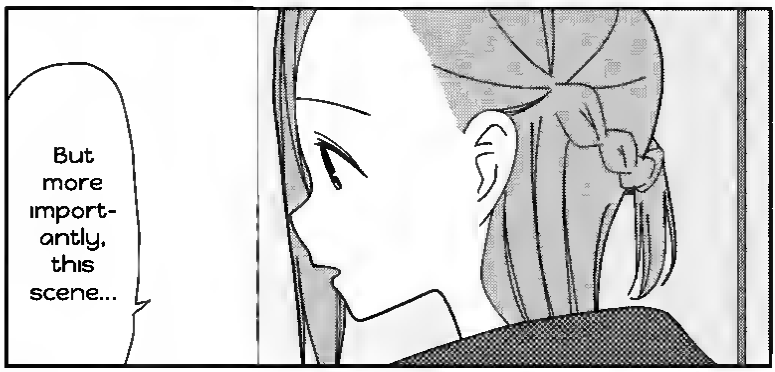


Look Down On The Town



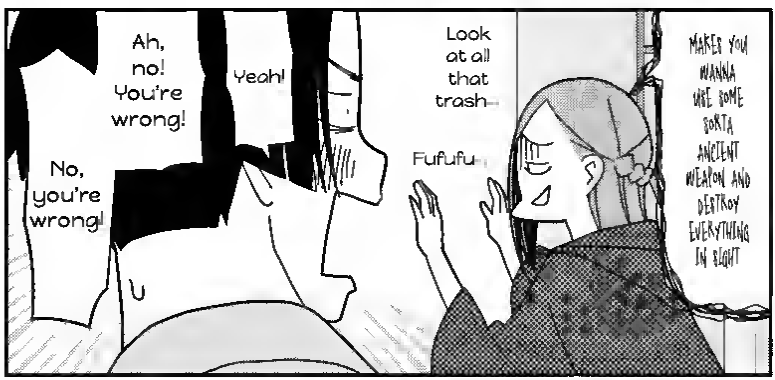


That's being more chuuni-byou than a chuuni-byou.
Or look over and everything and make everyone their readers.
Newcomers may look at this scene and dream about becoming better.

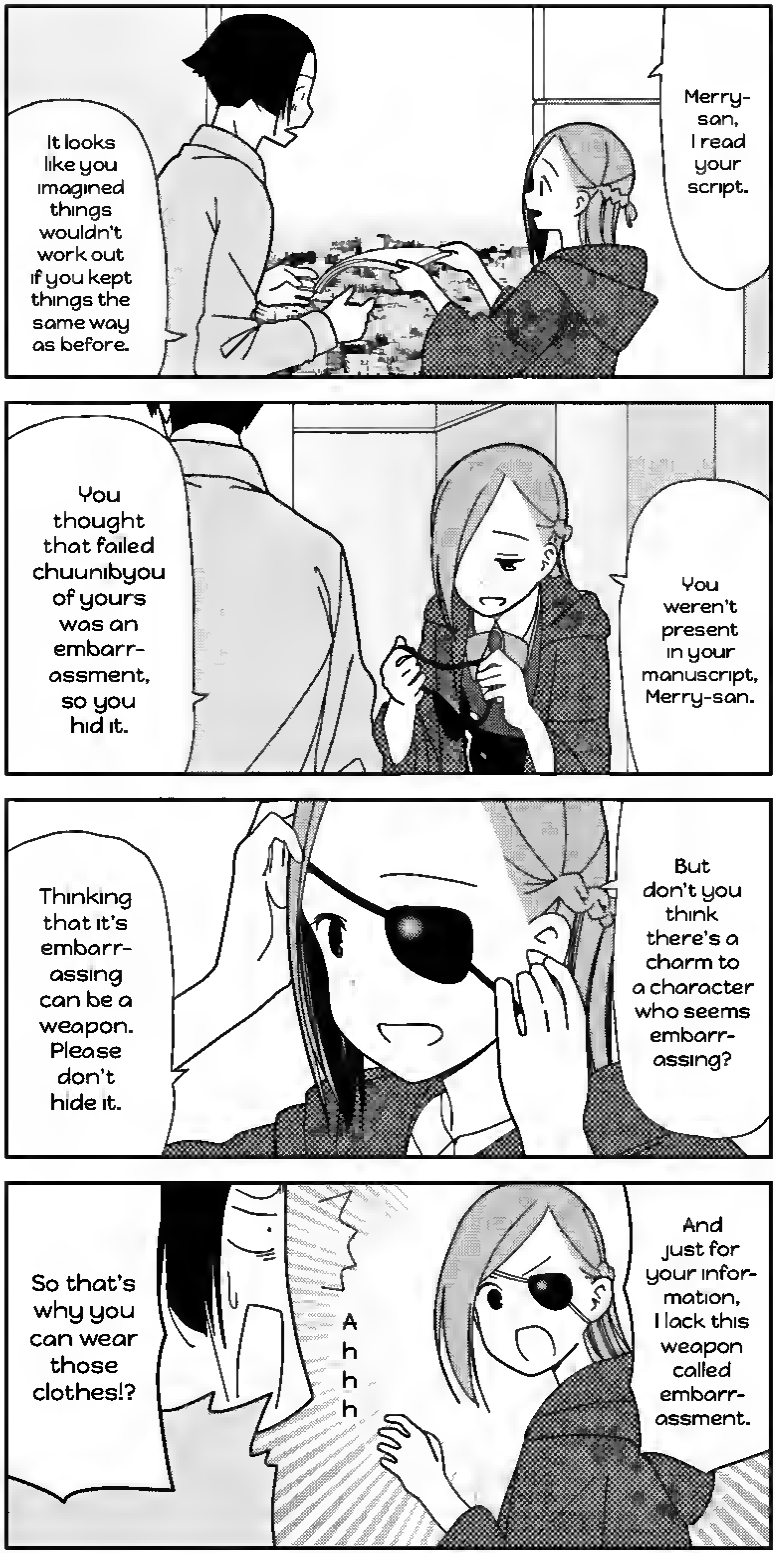


Merry-san, you need just one more push.

[Kin no Tamago]

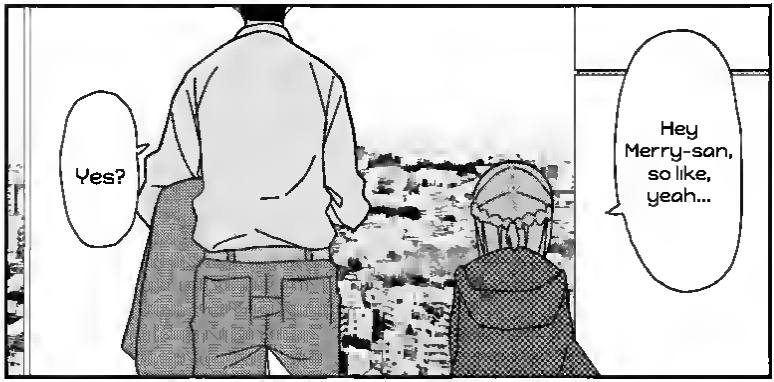


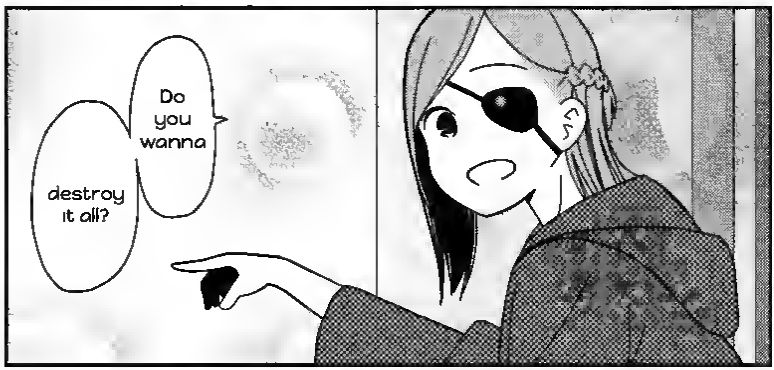
Ah, no! You're wrong!
Yeah!
No, you're wrong!
Look at all that trash
Fufufu
MAKES YOU WANNA USE SOME SORTA ANCIENT WEAPON AND DESTROY EVERYTHING IN SIGHT



Merry-san, I read your script.
It looks like you imagined things wouldn't work out if you kept things the same way as before.
You weren't present in your manuscript, Merry-san.
You thought that failed chuunibyou of yours was an embarr-assment, so you hid it.
But don't you think there's a charm to a character who seems embarr-assing?
Thinking that it's embarr-assing can be a weapon. Please don't hide it.
And just for your infor-mation, I lack this weapon called embarr-assment.
Ahhh
So that's why you can wear those clothes!?

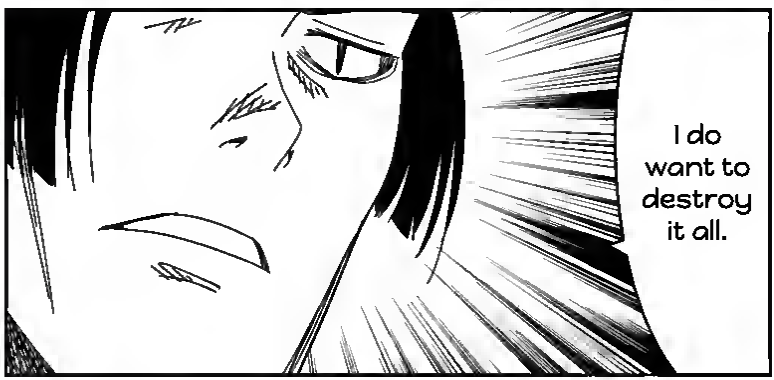
Awareness Confirmed





Merry-san post April issue (Chuuni-byou ver.)

[Kin no Tamago]



The time has come.
So Time Turns
Now is the time for a revival.
Make progress.
Overcome the catastrophe.
Yes!
BA-DUMP!
Now turn!
☆
Merry-go-round!
All has been discarded.
Milord!
